

## **List of PFAE-Qualification Groups Traditional-Classes beginning of show season 2016.**

At the General Meeting in November 2015 it was decided to change the qualification groups for Fino Traditional Adult Classes (Country Pleasure, Pleasure, Performance, Classic Fino) from three to two qualification classes Level 1 and Level 2.

Attached is a list which shows the classification of the rider-horse-combinations at the beginning of show season 2016.

Further down you will find the criteria for the qualification (see extract of the PFAE show rules of February 2016, § 2.1).

All rider-horse-combinations who did not participate at shows since 2011 or who did not reach two 2nd or one 1st place are assigned to qualification group Level 1. Those rider-horse-combinations have the nonrecurring option to choose their own qualification group (see § 2.1.5 of the PFAE show rules).

Following please find an extract of the PFAE show rules 2016 regarding Qualification Groups:

### **§ 2.1 Qualification grouping system for the Fino Traditional Adult Gaited Classes**

*§ 2.1.1: With show season 2016 two qualification groups (Level I and Level II) will be introduced to judge the horse rider combinations in Fino Traditional Adult Gaited Classes.*

*§ 2.1.4: The first qualification in 2016 for each horse rider combination is based on the following: the horse rider combinations which were classified end of show season 2015 in qualification group either B or A will start in 2016 in the new qualification group Level 2. The horse-rider-combinations which were classified end of show season 2015 in qualification group C will start in 2016 in the lower qualification group Level 1. To get promoted from Level 1 to Level 2 a horse-rider-combination has to achieve one first place or two second places in a Fino Traditional Adult Gaited Class at PFAE or IGV shows. After getting promoted to the higher Level, entering in the lower qualification group is no longer possible.*

*§ 2.1.5: If a horse-rider-combination participates at a show for the first time, they have the nonrecurring option to choose their own qualification group. By choosing their own qualification group, they determine their entry level. When they choose Level 1 they can get promoted into Level 2 by the above mentioned placements. When they choose Level 2 as their entry level, they are no longer allowed to enter in the lower group.*

*§ 2.1.6: The participants of qualification group Level 1 are allowed to enter in their own qualification group and in Level 2. If they place once first or second in that higher group, they are immediately promoted and have to stay in that higher level. They are no longer allowed to enter in their previous lower level.*

*§ 2.1.7: A horse-rider-combination will keep its qualification group even if they no longer participate in shows. The chosen or reached qualification group can only be set back in individual cases that require an appeal to the sports committee. The sports committee will assess the appeal and decide whether setting back the qualification group is possible.*

On the following pages you will find the list of classification in qualification groups Level 1 and 2 for the Fino Traditional Classes as of End of February 2016.

If a rider-horse-combination participated at shows since 2011 and was placed 1st or 2nd and is not listed here, please give notice to the PFAE Secretary of Sports ([britta.muelle@pfae.org](mailto:britta.muelle@pfae.org)).
